

HDMI-D AOC Cable
 Cable colour: grey ●
 Available lengths: 30m, 50m, 80m, 100m

HDMI-D AOC VIDEO CABLE

WITH PLUGGABLE HDMI-A AND DVI-D ADAPTERS

The TTL hybrid cable is an optical Plug & Play cable which can be adapted to various applications with HDMI and DVI plugs. It transfers HDMI and DVI signals without any loss over distances up to 100 meters. Equipped with small, compact plugs and a flexible cable, it is perfectly suited for a lot of critical AV installations. A cable pulling capsule is further useful to pull the cable undamaged through conduits.

The HDMI and DVI adapters are simply plugged onto the cable plugs and are fixed with one screw.
 They allow 4 connections:

- HDMI Input → HDMI Output
- HDMI Input → DVI Output
- DVI Input → DVI Output
- DVI Input → HDMI Output

Applications:
 Professional AV systems
 Digital Signage systems
 Home Theatre systems

Technical Data:

- Resolution: 4K / 30Hz (backwards compatible), 3D, Deep Color
- HDMI Compatibility: HPD, EDID, CEC, HDCP
- Features:
 - Multi-Channel Audio, DolbyTrueHD, DTS-HD Master Audio
 - Reduced EMI / RFI
 - Plug & Play
 - Low power consumption (0.25W) - No external power required
 - High pulling strength and compression load
 - Low power consumption
 - IEC LSZH (Low Smoke Zero Halogen)
